In a little under a year we will be celebrating our 50th reunion. I don't know about you, but I really don't feel that old! Hopefully as many of you as possible will be able to make it. **BJ Entwisle** has been retired for six years and is enjoying music, golf, and good friends. She will be a grandmother by our 50th! **Jennifer Norvell Wright** is retired and is living in a small town in Idaho. She now has 3 grandsons. She wants anyone who knew her brother Doug Norvell to know that he died January 8th of this year from complications of heart disease. **Julie Andrew Murphy** writes that "in October 2022 we went to Aberdeen, Scotland to watch my niece on Team USA in an international curling tournament (the Olympic sport with ice & brooms, she's really good at it). We also spent a few days in Dublin. We're both retired, still living in suburban NJ. I spend most of my time on volunteer work (Rotary, Girl Scouts, church, a local concert series). I'll be in Orlando in July for the national Girl Scouts convention. Definitely coming to

the reunion next year." **Chuck Mitchell** and his long time co-conspirator Jani finally took the plunge into marriage in June 2022. We have taken our retirement living down south to the Gulf Coast of Florida living in the community of Lakewood Ranch just east of Sarasota/Bradenton. Our neighbors just a mile north are **Gay Ossman Rudow** and **Scott Rudow!** We're loving the year-round sun, watching the Orioles in spring training, and enjoying the many golf courses and wonderful beaches nearby. And we survived our first hurricane! I have also joined the ranks of the retired. I spent the first 2 ½ weeks of retirement traveling to Williamsburg, Charleston, Orlando, St. Augustine, and Myrtle Beach. There are more travel plans in the future, including my normal trips to the Adirondacks, as well as Canada, Europe, and driving across the US.
